DLA Land and Maritime-VQ requests that all correspondences be submitted in electronic format. Examples of this include requests for technical evaluations, qualification and status reports, retention test data and requests for testing authorization (including test plans). In the event that a specific report or document is of very large size (>5 MB) please submit the information via digital media, e.g., cd or dvd. Electronic documents are a more efficient format and will help our office evaluate your questions or testing data in a more efficient and expeditious manner.
